BI-FOLD DOORS

The indoor answer to outdoor living

Bi-fold Door Range

With customisable folding options, superior security and an easy to operate design, it's no wonder our **bi-fold doors** are a long-term popular choice for residential and commercial indoor-outdoor entertainment areas. With standard configuration options available, including your choice of doors between 2 and 6 panels, integrating our bi-fold doors into your design couldn't be easier.

Signature Bi-fold Doors

Maximise your entry space and create a seamless indoor-outdoor entertaining experience with our '**Signature**' bi-fold doors. Opening almost effortlessly along high-performance rollers, our bi-fold doors include innovative corner configuration options that allow you to install them in almost any context. Stylish, modern and practical, they also feature superior locks and weather-proofing to help keep you and your property safe.

Commercial Bi-fold Doors

Meld indoors and outdoors together with our **Commercial** bi-fold doors. Creating maximum opening space with minimal effort, our bi-fold doors are precision engineered for ease of operation. They also feature sturdy stainless steel hinges and 4 point lever compression locks for superior strength and security. With maxi sizes and corner configurations available, our bi-fold doors can transform almost any space into a luxury indoor-outdoor experience. Where will you be installing yours?

Some of the possible benefits

- Cooler in Summer
- Warmer in Winter
- Enhanced UV protection
- Reduce outside noise
- Save on energy bills
- Added security

Performance comes from more than just glass

Superior frame assembly

High performance seals

Signature . Commercial

As the market leader in Australia for aluminium and glass building products, Capital have developed its range of **Smart Solutions** to meet all high performance requirements.

+ Premium Smart Solution

Double Glazed

Year-round Comfort

- Acts as extra insulation by limiting the flow of hot or cold air in and out of your home
- Helps maintain comfortable temperatures inside across all seasons

Energy Reduction

- Reduce reliance on air conditioning and heaters – lowering electricity bills
- Consume less energy for a smaller carbon footprint

Noise Reduction

- Minimise outside noise – creating a quiet haven inside your home

Safety

- Extra strong resistance to unwanted attacks by intruders

Climate Control Solutions

Solar Comfort™

Year-round Comfort

- Designed to reflect heat away in summer and keep heat inside during winter
- Enjoy the ideal temperature in your home all year round – cooler in summer, warmer in winter

Energy Reduction

- Keep power bills down by reducing the need for additional heating and cooling
- Help save the environment by consuming less energy

Solar Block™

Cooler in Summer

- Minimise the flow of heat into your home – enjoy summer without feeling the heat
- Acts like a pair of sunglasses for your home, reducing glare by up to 78%

Energy Reduction

- Save on electricity bills by reducing the need for air conditioners
- Minimise your carbon footprint by consuming less energy

Specialty Solutions

Safety

Safety

- Effective, affordable barrier against forced entry
- Enjoy peace of mind knowing that your home has extra protection

Sound Smart™

Noise Reduction

- Reduce unwanted external noise – nearby traffic or noisy neighbours,

FlameShield™
